CHOOSING THE RIGHT UNITS FOR YOUR COURSE

You must ensure you select units that are approved for your course. You can find this information in the course rules, the course map and additional sources such as Frequently Asked Questions (FAQ) documents in your Course Enrolment Guide (CEG). If you are unsure, please contact your Course Coordinator for advice.

ACCELERATING YOUR DEGREE

You may be allowed to take Core Curriculum and/or elective units in the non-standard terms, such as Summer or Winter, which might help to shorten the duration of your course or spread your study load across the year. Check your course rules and course map for more information. Students enrolled in Arts degrees are permitted to take units in non-standard terms, subject to availability and meeting pre-requisite requirements.

ELECTIVE UNITS

An elective is a 'free choice' unit taken apart from those units required for your selected majors and/or minors. Generally, for degrees in the National School of Arts and Humanities, an elective may be any unit from this unit list document for which you have the pre-requisite. Global Studies degrees have their own list of approved units.

UNIT AVAILABILITY

This list provides information about units that are on offer in 2027. Not all units are offered every year.

PREREQUISITE UNITS

A prerequisite is a unit you must pass before you can enrol in a higher-level unit.
The enrolment system will prevent you from enrolling in units for which you do not have the prerequisite.

DEFINITION OF A MAJOR AND A MINOR

A Major is 80 cp in prescribed units in one discipline or approved interdisciplinary area, normally including at least 10 cp at 100-level, at least 30 cp at 200-level and at least 30 cp from 300-level.

A Minor is 40 cp in prescribed units in one discipline or approved interdisciplinary area, normally including at least 10 cp at 100-level and at least 20 cp at 200- or 300-level.

You should check your course rules to confirm which majors/minors are permitted in your course.

CORE CURRICULUM UNITS

The description of the Core Curriculum units and their offerings for each year is available on the website: ACU Core Curriculum.

Students are encouraged to enrol in their preferred ACU Core Curriculum units for both semesters as soon as the 2027 re-enrolment period opens. Enrolling early will help secure your place in your preferred units before they reach capacity.

Australian Catholic University Limited ABN 15 050 192 660 CRICOS registered provider: 00004G

UNIT DELIVERY MODES

The unit delivery mode describes the way that a unit is taught.

C - On Campus (was attendance)
Most learning activities or classes are delivered at a scheduled time, on campus or approved ACU delivery site, to enable in-person interactions. Activities will appear in a student's timetable.

M - Multi-mode
Learning activities are delivered through a planned mix of online and in-person classes, which may include full-day sessions and/or placements, to enable interaction. Activities that require attendance will appear in a student's timetable. Assessments may be required on-campus.

OU - Online unscheduled
Learning activities are accessible anytime, anywhere. These units are normally delivered fully online and will not appear in a student's timetable.

OS – Online scheduled
All class activities are held online, at scheduled times, and will require some attendance to enable online interaction. Activities will appear in a student's timetable.

HUMA333 SOCIAL IMPACT IN ACTION

HUMA333 is the capstone community engagement unit involving a 25-hour placement experience which is undertaken alongside scholarly learning. Through connecting academic and practical work, this unit enables students to apply analytical, research and critical thinking skills that have been developed throughout their studies. The placement experience may be direct-service, approved project, or research-based depending on the study period. For direct-service placements – students need to apply through the Community Engaged Learning Team's InPlace portal. There is a choice of options available here. Project and research-based experiences are managed by academic staff and connected to community organisations and needs. If you have a disability or additional needs that need to be considered in the choice of placement experience, please contact the Community Engaged Learning Team or NSAH prior to the start of semester.

You must take this unit in third year to meet the core Community Engagement requirement of the Bachelor of Arts Degree.

HUMA333 replaces HUMA330 and HUMA331 from 2027 onwards. **If you have previously completed HUMA330 or HUMA331, please do not enrol in HUMA333.**

Other Special Projects

HUMA320 MAJOR CREATIVE PROJECT

HUMA320 is a compulsory capstone unit in the Bachelor of Creative Arts. You should not enrol in HUMA320 until your third year.

This unit prepares students for professional practice in the creative arts sector. The wonderful thing about HUMA320 is that students get to work on a project which requires skills from the various types of creative arts that they have explored throughout their degree. This unit gives students the opportunity to plan, develop and realise a major creative project with an interdisciplinary focus. Students will draw on the skills and knowledge of two or more creative disciplines to complete a project of their own devising. It is a chance to showcase advanced creative arts skills. This project will provide them with evidence that can be used in a portfolio for future employment.

Semester 2

CODE	TITLE	NATIONAL	Prereq
HUMA320	MAJOR CREATIVE PROJECT	OS	Nil Permission from the National Head of School or Course Coordinator is required

HUMA332 ARTS AND HUMANITIES SPECIAL PROJECT

This subject involves the completion of a 70-hour special project integrating academic learning, employability skills and attributes and an improved knowledge of organisations, workplace culture and career pathways in the Arts and Humanities. The project or placement gives a hands-on experience of work in the Arts and Humanities sector and is supplemented by workshops and/or excursions that focus on key cultural institutions, consultancies, government agencies, or local government/community organisations and will prepare students for the project or placement. Prior to the beginning of semester, ACU staff will have identified and engaged with appropriate project partners to develop a list of potential placements or projects that align with relevant majors in the National School of Arts and Humanities. Students will complete a 70-hour special project and use the rest of the semester to complete the tasks related to it. On completion of the subject, students will have completed and reported on an Arts or Humanities related project. The aim of the unit is to enhance students' employability skills including communication, interpersonal, analytical and problem-solving skills; organisational and time-management techniques; and an understanding of career planning and professional development in the Arts and Humanities.
