

Explore Your Future on campus

OVERVIEW

Our Explore Your Future program invites high school students to come along to an ACU campus and take part in a day of activities led by our current staff and students.

During their visit, your students will participate in a range of workshops and hands-on educational activities designed to support their aspirations and increase their awareness of higher education.

The program includes a campus tour and will introduce students to their degree options in study areas such as:

- allied health, including occupational therapy and speech pathology
- business
- education
- exercise and sports science
- law
- media
- nursing and paramedicine.
