

Curriculum, Pedagogy and Assessment Units

Graduate teachers must apply for formal registration in the state or territory in which they wish to work. Recognised teaching areas for the purposes of teacher registration may vary from state to state. As such, not all CPA units are available on every campus. The availability of teaching areas on each campus is shown in the table on page 14 along with corresponding CPA sequences.

CPA units may be offered in multimode or fully online. Students are advised to preference multimode options where they are available.

If you are unsure of which CPA units to enrol in, please contact your Course Coordinator.

Teaching area and corresponding units Multimode offerings may run on select campuses only. Unit availability and study modes are subject to change in line with minimum enrolment requirements, staffing and resources. If you cannot find a multimode offering on your local campus, please search for online offerings <u>before</u> contacting your Course Administrator or Course Coordinator.	Unit codes	Semester	Availability
