4. Login to RiskWare

Press Login button Enter your Username and Password, the same as you would use to Log into RiskWare.

Note: Depending on the Organisation's Login method, you might be redirected to your Organisation's SSO login page.

5. Set Passcode

Enter a Passcode to allow easy access back into pocketSafety, if you have closed the app without logging out.

Note: If you do logout, you will need to log in again.

Congratulations!

Your pocketSafety is now ready to use.

You may navigate between functions by tapping the menu

icon.

Dashboard	≡	Report Incident or Hazard
My Drafts		Hazard A Hazard - Something that has the potential to cause harm, injury or damage
My Active		Incident An incident - An event that could have resulted or did result in harm, injury or damage
