

Intensive courses for English teachers

Intensive Course for English Teachers

Customise a 2-4 week Short Term Program to meet the needs of both pre service and experienced teachers who seek to improve their English language proficiency and develop a range of skills and ideas for dynamic teaching in the English language classroom. Effective teaching strategies will be modelled, taught and analysed.

Short Term Program

“Intensive Courses for English Teachers”

Sample program:

Intensive Courses for English Teachers

This is a four week program which can include additional extension activities where appropriate. The units can be tailored to meet the needs of both pre service and experienced teachers who seek to improve their English language proficiency and develop a range of skills and ideas for dynamic teaching in the English language classroom. Effective teaching strategies will be modelled, taught and analysed.

Objectives

On completion of this course students will be expected to:

- Have a deeper understanding of fundamental principles of language learning and assessment
- Understand current issues and research in second language acquisition and relate these to their own experience
- Demonstrate improved proficiency in their own reading, writing, listening and speaking skills in the English language
- Present an English language lesson displaying newly acquired skills and strategies acquired in the program

Content

- TESOL methodology
- Current issues in second language learning
- Language testing
- Developing Teacher Communicative competence
- Teaching and Learning English through the Arts

Teaching organization:

A combination of lectures, class discussions and workshops will be used.

A number of excursions including visits to local schools and various English language immersion opportunities will be included in the program.

Assessment procedures:

There will be 3 assessment tasks related to the above lectures and activities and include:

- Journal writing
- Research Essay
- Oral presentation/ demonstration lesson

Optional Extension Activities:

- Visit to Tangalooma beach resort including wild dolphin feeding
- Trip to the Gold Coast, including a day at Dream world
- Interaction with Australian Wildlife at the Lone Pine Koala Sanctuary
- Work experience with a local school or business

Alternative: customise a study program

A customised study program can be coordinated to meet your individual request.
