Eduroam iPad (iOS 5+)
Setup Guide

When prompted for your username, enter it in the following format

- ACU Student, s1234567@acu.edu.au
- ACU Staff, jodoe@acu.edu.au

Follow the steps below to connect an Apple iPad running iOS 5+ to the Eduroam wireless network

1. Tab on ‘Settings’ app on the iPad

2. Select ‘Wi-Fi’

3. Make sure Wi-Fi slider is ‘On’
4. Tap the ‘eduroam’ network from list ‘Choose a Network...’

Known networks will be joined automatically. If no known networks are available, you will be asked before joining a new network.
5. Enter your username and password and tap ‘Join’
6. You will be prompted to accept a certificate, Tap ‘Accept’

7. You will be returned to the network selection screen, Wait for the icon next to eduroam network to change from ‘spinning’ to a ‘Tick’
8. Tap on Safari App and you should be able to browse the internet
