Supervisor Identification Procedure

Two semesters before you intend to start your thesis, you must complete this form and send it to the relevant Head of School. The Head of School will consult with staff including other Heads of Schools, and identify the best available supervisor.

We take your suggestions on supervisors seriously. However, we need to consider other factors such as the focus of your research, having supervisors with complementary skills, workloads of the supervisors, etc.

The Dean, informed by the recommendation of the relevant Head of School, approves all EdD.

Your Head of School recommends the Masters supervisors to the URRTMC for approval. Once approved, your supervisors will contact you to arrange to meet.

If you have not been contacted within three weeks of submitting this form, please contact your Head of School directly.
