CREDIT POINTS  10

DISCIPLINE CLUSTER AND WEIGHTING
RELATIONSHIP TO OTHER UNITS
This is a specialisation unit in the Master of Educational Leadership and the Postgraduate Certificate in Educational Leadership.

DESCRIPTION
This unit acknowledges the challenge facing educational leaders as they engage faith leadership in the Catholic or other faith-based school. To support the development of capabilities in respect to faith leadership, the unit explores current understandings of faith and leadership within organisations and notes the growing support for spirituality rather than religion in organisations. The unit also considers the possibility of achieving praxis between a religious tradition and organisational leadership. Developing this thought, the unit alerts students to contemporary Church teachings and scholarly literature on the ‘new evangelisation’ and considers the application of this emergent theory to the challenge of faith leadership in the contemporary Catholic, or other faith-based schools.

TEACHING ORGANISATION

This unit may be offered through a variety of teaching strategies including face-to-face lectures and online delivery. The teaching strategies are also intended to engage students as active participants in the learning process and encourage them to become independent learners. There will be respect for students’ views and responses, an understanding of an individual's knowledge, capabilities and backgrounds, and a concern for the welfare and progress of individual students.

ASSESSMENT PROCEDURES

Assessment procedures will provide opportunities for students to demonstrate their learning by completing three assessment tasks.
