1. How to use this Guide

This Course Enrolment Guide 2008 provides you with information on the units you will require to complete your course; and when and where the units will be offered in 2008.

Steps to enrol in units for 2008

1. Read Section 2. ‘Program Information’ for information on course structure and unit sequence. Take note of any prerequisite or co-requisite requirements before selecting particular units.

2. Refer to the unit listings in Section 3. ‘Units Offered in 2008’ to select your units. Take note of the study period in which units are offered.

3. You must refer to ‘Enrolment Information 2008’ on the ACU intranet for information on how to complete your enrolment via Student Connect*. ‘Enrolment Information 2008’ also provides information on study period definitions, modes of study, campus locations, dates for each study period and census dates.

4. Log on to Student Connect – Managing Your Studies* and enrol.

5. After you have completed your enrolment, go to http://my.acu.edu.au/student/managing_your_studies/timetables_and_tutorial_direct/tutorial_direct to register your preferences for tutorials, laboratories or practicals via the online tutorial registration using Tutorial Direct. (NB: There may be a delay of up to two hours before your unit enrolment information is updated in Tutorial Direct).

Contacting your Adviser

Course Co-ordinators / Advisers will be available to assist you with re-enrolment. 26 October 2007. You may ring, email them or see them in person on this day. Course Co-ordinators may not be available at other times. Please contact your School for further information.

*Student Connect is a web interface allowing students to complete their ACU National enrolment online.
2. Program Information

Course Structure

COURSE TITLE: Graduate Certificate in Middle School Mathematics
(Continuing Students only)

REQUIREMENTS TO COMPLETE AWARD:

The course consists of four units, one offered per semester. These are

EDMA411  Number Development in the Middle School
EDMA412  Geometry and Measurement in the Middle School
EDMA413  Statistics and Probability in the Middle School
EDMA414  Algebra and Functions in the Middle School

AIMS:

The Graduate Certificate in Middle School Mathematics aims to

- provide the mathematical background necessary for the mathematics topics covered in school courses from years 5 to 9.
- extend the mathematical understanding of teachers in emerging topics supporting the school curriculum
- provide mathematical knowledge to enable teachers to extend students' mathematical knowledge beyond the normal school curriculum
- provide pedagogical content knowledge needed to enable teachers currently qualified for teaching at primary school level or in other subject areas to teach mathematics in junior secondary schools.

Delivery Modes:
- **On Campus** - Offered face-to-face or with a WebCT component at any one of the six ACU National campuses.
- **On Site** - The unit is offered face-to-face at any location other than one of the six ACU National campuses.
- **Distance** - The unit is offered wholly through the provision of printed material to the student. These units may include a WebCT component but the printed material is the primary source of teaching.
- **Online** - The unit is offered wholly through ACU National Online.
- **Mixed mode** - The unit is offered as a combination of distance and either on campus or on site delivery modes.
