open night

2011 brisbane campus

Welcome to *Brisbane*

It is my pleasure to introduce to you ACU's Brisbane Campus. The campus is located on a picturesque 40 hectare site, high on a hill some 12 kilometres to the north of the Brisbane CBD, and close to the international airport.

The campus is accessible via Brisbane City Council buses which run from the city to Approach Road. ACU also offers a free shuttle bus to ferry students from Toombul and Northgate Railway Stations to the campus.

We are proud of our close-knit community. ACU Brisbane offers a caring and individual educational experience.

Campus facilities include a 25 metre swimming pool and a parents' room. There is a student recreation room with a large screen television and pool table. All these facilities are for use by students, free of charge. There is a cafeteria and library on campus, and many parts of the campus are wi-fi enabled.

The campus has undergone rapid expansion - new courses in physiotherapy and exercise science commenced last year. The campus is also well known for its offerings in education, nursing and midwifery, paramedicine, psychology, religious education, social work, social science, theology, arts, business, business information systems and educational leadership.

We warmly invite you to visit us at ACU.

Associate Professor Lindsay Farrell
Associate Vice-Chancellor (Brisbane)

The Early Achievers' Program (EAP) is an early entry scheme that recognises the achievements and community contributions made by prospective students, of both school leaver and non-school leaver backgrounds.

Whether it be volunteering in a local cultural, sporting or religious group or providing care to someone in need, if applicants have the enthusiasm to succeed, they are the type of student that the University would like to welcome. Also taken into consideration are community contributions, employment experience and professional courses that have been undertaken.

Successful applicants will be notified of the outcome of their EAP application ahead of usual university offers, allowing them to enjoy their summer with the confidence of knowing they have secured a place at Australian Catholic University.

For more information, please visit: www.acu.edu.au/eap

accessACU

Australian Catholic University has introduced a new bonus entry scheme to ensure all students have equitable access to higher education.

accessACU focuses on selection criteria across three main areas; subject performance, geographic region; and special access bonus.

Further details on the scheme are available at: www.acu.edu.au/accessacu
