Your future starts here

OPEN DAY 2012

Your future starts here

Sunday 12 August 2012, 10am-4pm

www.acu.edu.au
EARLY ACHIEVERS’ PROGRAM

The Early Achievers’ Program (EAP) recognises the achievements and community contributions made by prospective students of both school-leaver and non-school-leaver backgrounds. It’s a great way for prospective students to gain a place in the undergraduate course of their choice, with students assessed on their potential for successfully undertaking tertiary study. Whether it be volunteering in a local cultural, sporting or religious group or providing care to someone in need, if applicants have the enthusiasm to succeed, they are the type of student that the University would like to welcome. Also taken into consideration are community contributions, employment experience and professional courses undertaken.

Successful applicants will be notified of the outcome of their EAP application ahead of usual university offers, allowing them to enjoy their summer with the confidence of knowing they have secured a place at ACU.

For more information, please visit: www.acu.edu.au/eap

accessACU is a bonus entry scheme designed to ensure all students have equitable access to higher education.

accessACU focuses on selection criteria across three main areas: (1) subject performance, (2) geographic region, and (3) special access bonus.

The scheme is particularly important following the Government’s response to the Bradley Review of Higher Education, which supported the proposal that 40 per cent of 25 to 34-year-olds be university-educated by 2025.

A significant factor towards achieving this goal will be the availability of equity programs. Providing the opportunity for higher education, regardless of background or beliefs, is also aligned with the University’s Mission to foster and advance knowledge, and make a specific contribution to its local, national and international communities.

Further details on the scheme are available at: www.acu.edu.au/accessacu

Welcome to ACU

ACU’s Melbourne Campus offers high quality courses, supported by world-class facilities, in a central location and staff committed to student success. Although we are the fastest growing university in Australia, each of our campuses and courses is small enough to ensure that every student remains an individual not a number.

We are very pleased that in 2013 we will be adding undergraduate degrees in Law, Speech Pathology and Applied Public Health to our current range of offerings in Arts and Humanities, Business and Commerce, Education, Exercise Science, Global Studies, International Development Studies, Midwifery, Nursing, Occupational Therapy, Paramedicine, Philosophy, Psychology, Religious Education, Social Sciences, Theology and Youth Work.

In order to cope with this growth, we have undertaken a $100,000,000 building program to expand the physical facilities in Melbourne and we are pleased to say that this is nearing completion. The key feature of this expansion is The Daniel Mannix Building, which will combine a state of the art learning and research environment with wonderful student amenities, including a roof-top garden that has spectacular views over Melbourne, all in a six star green star environmentally sustainable building. It will be officially opened on 17 October. Early in 2013 the campus will unveil its new facility for the Early Childhood courses and its great expanded and refurbished library. We have completed or are planning many other smaller projects that range from a music recording studio, to the new laboratories for Speech Pathology, to a greatly expanded area for the Student Association and Clubs.

I welcome you all to the Melbourne Campus to meet our staff and many current students who will give you their perspective on life at ACU and also to tour our facilities. I guarantee that you will receive a warm welcome and most importantly helpful advice.

Dr John Ballard
Associate Vice-Chancellor (Melbourne)
Bachelor of Laws
Courses offered include a 4-year Bachelor of Laws as well as 5-year dual degrees with Arts, Business Administration, Commerce, Global Studies and Theology.

WANT TO FIND OUT MORE? Drop by the info sessions at 11.15am, 1.15pm or 3.15pm in Mercy Lecture Theatre

Bachelor of Commerce and Bachelor of Business Administration
New Dual Business Degrees in Law, Nursing and Global Studies

Business Graduates will be well-positioned for careers working in business, management, government, health and law. Our dual degrees will give our graduates an opportunity to find careers with multinational, non-government or private business.

WANT TO FIND OUT MORE? Drop by the info sessions at 11.15am or 1.30pm, Level 2, Room 2.52

Bachelor of Speech Pathology
Speech pathologists work with people who have difficulties with communication and/or swallowing food and drink. This 4-year course encompasses all aspects of communication including speech, writing, reading, signs, symbols and gestures.

WANT TO FIND OUT MORE? Drop by the School of Business for more information. Level 2, Room 2.52

Bachelor of Nursing/Bachelor of Business Administration
In the wide range of practice settings from hospitals to aged care, general practice, private practice and the community, health is increasingly seen as a business, and nurses are required to contribute to the success of that business through effective management of staff and financial resources. The Bachelor of Nursing/Bachelor of Business Administration will prepare graduates to meet the evolving business management expectations of our health services.

WANT TO FIND OUT MORE? Drop by the info sessions at 10.30am, 12.30pm or 2.30pm in Central Hall

New for 2013

Bachelor of Applied Public Health
This course will provide you with the knowledge to advance human health and well-being by addressing social, economic, biological and environmental health issues.

WANT TO FIND OUT MORE? Drop by the info session at 12pm or 2.15pm, Level 2, Room 2.81

Activities and Events

Art Gallery
(26 Brunswick ST)
Displays of students’ work.

Campus Tours
(Ground Floor, Library 10.30AM-3.30PM)
Every half-hour. Meet at the library entrance.

Computer Labs
(Level 4, Room 4.46)
Computers will be linked to the ACU home page.

Courses and Careers Advice
(Marquee in front campus carpark)
Visit the ACU Expo! Your one stop shop for all ACU courses. There will also be signs in the reception foyer on the ground floor directing you to various school and faculty course advice areas.

Early Achievers’ Program
(Level 5, Room 5.31, 10.45AM or 12.45PM)
Come along to hear about this unique alternative entry program.

Exercise Science
(Lower Ground)
Come and meet Exercise Science students and staff! Check out the outdoor recreation display, exercise physiology equipment, and see real-life motion analysis using state-of-the-art technology similar to that used for computer and movie animators.

Nursing/Midwifery/Paramedicine
(Level 3)
Labs will be open for demonstrations and practice of assessment techniques, ie. blood pressure checks, taking temperatures etc.

Jim-Baa-Yer Aboriginal and Torres Strait Islander Unit
(Level 1)
Indigenous staff and students will be available to answer any questions.

Graphics Area
(Drake House, Entry from Graham Street)
Graphic Art Demonstration.
INFORMATION BOOTHs
(GROUND FLOOR FOYER)
Find out information on:
• Scholarships
• Commonwealth Supported Places and Fees
• Student Accommodation
• Office of Student Success
• Overseas Study Opportunities
• ACUCom Certificate Courses
• Admissions and Early Achievers’ Program

LIBRARY
(GROUND FLOOR, 10AM-4PM)
Some Library computers will be linked to the ACU home page for your use. There will be displays of print and electronic resources, as well as a display of the library refurbishment plans. Library staff will happily answer any queries.

MELBOURNE CAMPUS STUDENT ASSOCIATION (MCSA)
(GROUND FLOOR)
Visit the MCSA and discover the social and cultural facilities it offers on the Melbourne campus. Throughout the year, MCSA runs a variety of events and functions catering to a wide range of interests including the annual End of Year Ball, Good Friday Appeal Trivia Night, Comedy night and live music nights down in the ‘The Vault’.

FREE BBQ
(11.30AM-1.30PM)
Grab a free bite to eat.

DRAMA/MEDIA
(LEVEL 3, ROOM 3.88)
Continuous screening of theatre and video production projects (Arts and Sciences area). Media demonstrations will run in the studio throughout the day.

Win an iPad!!
VISIT THE ACU STAND IN THE ACU EXPO MARQUEE OR IN THE GROUND FLOOR FOYER, FILL OUT A REGISTRATION FORM AND GO IN THE DRAW TO WIN AN IPAD. It’s that easy!

> This session will include information on the new Master of Teaching (Early Years) and the new Master of Early Childhood Education programs.

PRIMARY EDUCATION (UNDERGRADUATE)

Bachelor of Education (Primary)

This information session is for applicants who have completed VCE or equivalent and wish to become Primary-School Teachers. The major features of the Bachelor of Education (undergraduate) course will be outlined, and prospective applicants will have the opportunity to ask questions.

EARLY CHILDHOOD AND PRIMARY EDUCATION (UNDERGRADUATE)

Bachelor of Education (Early Childhood and Primary)

This information session is for applicants who have completed VCE or equivalent, and wish to become early childhood educators/primary-school teachers. The major features of the Bachelor of Education, Early Childhood and Primary (undergraduate) course will be outlined, and prospective applicants will have an opportunity to ask questions.

EDUCATION (POSTGRADUATE)

Master of Education

This information session is for qualified teachers or for those with an undergraduate education degree who wish to enrol in higher-degree studies in education.

EARLY CHILDHOOD AND PRIMARY EDUCATION (POSTGRADUATE)

Master of Teaching (Primary)

This information session is for applicants who have completed a three-year university degree and wish to become primary-school teachers. The major features of the Master of Teaching (Primary) will be outlined, and prospective applicants will have an opportunity to ask questions. This session will also include information on the new Master of Teaching (Early Years) program and the Master of Early Childhood Education program.

SECONDARY EDUCATION (UNDERGRADUATE)

Bachelor of Teaching/Bachelor of Arts

This course is designed for applicants who have completed VCE or equivalent and are interested in pursuing secondary-teaching as a career. The structure of the course will be outlined, along with information about secondary-teaching areas. Prospective applicants will need to consider two methods areas in which they will specialise.

SECONDARY EDUCATION (POSTGRADUATE)

Graduate Diploma of Education/Master of Teaching (Secondary)

This information session is for applicants who have completed a three-year university degree and wish to qualify as secondary-school teachers. The major features of the course will be outlined, and an overview of the prerequisite requirements for each of the secondary teaching areas will be given.

RELIGIOUS EDUCATION

Graduate Certificate/Diploma/Master/PhD and Doctorate Levels

This presentation will cover issues of accreditation to teach Religious Education in Catholic schools, and will outline undergraduate and postgraduate studies in Religious Education.

IAIN MURRAY

MASTER OF TEACHING (PRIMARY)

“ACU has given me many opportunities to gain teaching experience. As well as structured teaching rounds, I have gained experience tutoring children from a range of social and cultural backgrounds in homework club programs. ACU’s strong affiliation with community engagement initiatives means there are so many chances to get involved.”

<sup>a</sup>New for 2013.
<sup>b</sup>Includes information on the Mental Health, and Practice Leadership programs, as well as the new double degree, Bachelor of Nursing/Bachelor of Business Administration<sup>c</sup>.  

### BACHELOR OF APPLIED PUBLIC HEALTH

Public health is the science of protecting and improving community and population health via education, advocacy, promotion of healthy lifestyles and research for disease and injury prevention. Be a part of ACU’s National and International commitment to community engagement and outreach to populations in need, both in Australia and overseas. The Bachelor of Applied Public Health provides graduates with the knowledge and skills to advance community and population health and well-being through action on social, economic, biological and environmental factors affecting health.

### BACHELOR OF SPEECH PATHOLOGY

Speech pathologists work with people to diagnose and manage communication and/or feeding and swallowing difficulties across the lifespan. Communication encompasses oral speech/language, writing/reading, signs, symbols, gestures and body language. One in seven Australians has a communication disability. Feeding and swallowing difficulties are experienced by many in association with physical disability. Safe, efficient, effective eating supports survival and human thriving through social engagement and interaction. This 4-year course will prepare graduates to work in a range of health and education facilities.

### BACHELOR OF EXERCISE AND HEALTH SCIENCE, BACHELOR OF EXERCISE AND SPORT SCIENCE

The school of Exercise Science offers a unique undergraduate degree for those interested in Health Science, Sport Science, Fitness, Outdoor Recreation and Health promotion. A career in Physical Education teaching is possible with further study.

### BACHELOR OF OCCUPATIONAL THERAPY

Occupational Therapy is a client-centred health profession aimed at promoting health & well-being through occupation, by enhancing people’s ability to live meaningful lives or by modifying the environment to support participation. Occupational Therapists work with people across the life span who have injury, illness, disability or disadvantage associated with physical, social or mental health issues.

### BACHELOR OF PARAMEDICINE

The Bachelor of Paramedicine will develop proactive and adaptable graduates. Students will learn how to analyse situations using appropriate assessment techniques and to conduct physical examinations whilst considering the needs of the patient. Reasoning and problem-solving skills will also be taught enabling students to cope in a high pressure environment.

### BACHELOR OF NURSING/BACHELOR OF BUSINESS ADMINISTRATION

In the wide range of practice settings from hospitals to aged care, general practice, private practice and the community, health is increasingly seen as a business, and nurses are required to contribute to the success of that business through effective management of staff and financial resources. The Bachelor of Nursing/Bachelor of Business Administration will prepare graduates to meet the evolving business management expectations of our health services.

### BACHELOR OF NURSING

ACU is the largest provider of graduate nurses in Australia. This course offers clinical placements in medical/surgical nursing, mental health and children’s health, community health, aged care palliative care, critical care and peri-operative nursing. Specialised degrees in Practice Leadership and Mental Health are also offered by ACU.

### BACHELOR OF MIDWIFERY

This course is designed to prepare midwives according to the internationally defined role of the midwife, competent to work in any midwifery setting (hospital, birth centres, nurseries, community health, women’s health etc). The course is driven by women-centred philosophies. ACU is offering a 2-year Graduate Entry Bachelor of Midwifery from 2013, for those with a Bachelor of Nursing.

### POSTGRADUATE NURSING

The Faculty of Health Sciences offers a number of courses that may be undertaken in 2013. These include
- Master of Clinical Education
- Master of Clinical Practice
- Master of Health Administration
- Master of Nursing (Practice Inquiry)
- Professional Entry Bachelor in Paramedicine
- Graduate Entry Bachelor in Midwifery

### POSTGRADUATE EXERCISE SCIENCE

The following postgraduate courses are available:
- Master of Clinical Exercise Physiology
- Master of Clinical Exercise Physiology (Honours)

To undertake these courses, applicants must have already completed an undergraduate degree in Exercise Science. The information session will provide an overview of the courses and the Exercise Physiologist accreditation process.

**BACHELOR OF THEOLOGY**

The Bachelor of Theology is a three year degree with the option of a major in Biblical Studies, Christian Thought or Christian Practice and minors in those fields as well as Philosophy, Studies of Religion, and Liberal Arts. An honours year is also available with the Bachelor of Theology.

**POSTGRADUATE THEOLOGY**

Graduates studies offer a Certificate in Catholic Studies, Theological Studies, a Diploma/Masters in Arts (Theology) as well as a Master of Theological Studies. Theology is studied from a Christian perspective, including consideration of how Christian beliefs are understood from within the Catholic tradition. Theology is an academic discipline involving critical reflection on religious faith and its contemporary context. It is relevant for teaching, pastoral work and in all areas of life. Philosophy may be taken as a major with a Bachelor of Arts and students may take Philosophy units within a number of courses.

**BACHELOR OF SOCIAL SCIENCE**

Sociology is an exciting, challenging and enjoyable area of study that has made a substantial contribution to our social, political and cultural lives. Sociology staff will briefly introduce the subject, detail major contributions the discipline has made to our collective social lives, and outline the career options available for Sociologists.

**BACHELOR OF YOUTH WORK**

The course is designed to train highly-skilled Youth Workers to work in a variety of areas including face-to-face work like recreation, case work, advocacy, housing, education and intervention programs, administration and development of youth policy or research into young people's issues. The main areas of study are youth work, sociology and a four-unit elective sequence.

**ANDREA DOS SANTOS**

**BACHELOR OF SOCIAL SCIENCE**

“Being an ACU student, I am part of a very special community composed of lecturers and very competent staff who value me as an individual, know my interests, and are genuinely involved in building my career. ACU is teaching me to question the world I live in and look at things from a new perspective.”
Programs

**Bachelor of Visual Arts and Design**

The Visual Arts and Design degree is a broad, foundational course, which systematically covers diverse aspects of Art and Design. It aims to prepare you for a range of careers in the Visual Arts and Design. Throughout the course, you will obtain a balanced mix of Studio-Based Art, Graphic Design, and Art and Design History and Theory.

**Bachelor of Creative Arts**

The course is designed to provide students with innovative and professionally relevant skills and theoretical knowledge of the value and impact of art and culture in community life. Major studies are selected from drama, literature, media, music and visual arts.

**ACUcom Vocational Education Training**

ACUcom is a department of Australian Catholic University at the Melbourne Campus. All ACUcom programs are Nationally Accredited V.E.T courses. All programs provide pathway opportunities into higher level courses. Victorian State Government funding is available to subsidize the fees for students who meet the eligibility criteria. Applications of ACUcom courses are made direct to ACUcom not through VTAC.

**DEBBIE YARAK**

**BACHELOR OF VISUAL ARTS & DESIGN**

“I couldn’t be happier than studying art and design at ACU. I am enjoying learning about the fundamentals of art, printmaking and art history. I am following the path that is right for me.”
(Use the Eastside elevators)
