Dear Parent/Guardian,

Pre-service teachers enrolled in the Bachelor of Education Early Childhood/Primary Professional Experience Programme (EDFX215) are currently undertaking a placement in your child’s centre. As part of their required coursework, pre-service teachers are asked (guided by the Kindergarten Teacher or Room Leader) to choose a ‘focus’ child or children in order to observe and learn about play, development and learning of young children.

We seek permission from parents/families/guardians for your child to be observed by our student and for photographs to be taken of your child’s work and activities. No photographs will be taken of your child, and first names only will be used. The notes taken on child observations and the photographs of work and activities will be used for the purposes of learning and assignment completion only.
Please complete and return this consent form, indicating that you agree to the above.

With thanks,
Professional Experience Coordinator

I give permission for my child to be observed by a pre-service teacher for academic and professional experience purposes only.
Please tick:
☐ Yes ☐ No

I give permission for photographs of my child’s work and activities to be taken by a pre-service teacher and used for academic and professional experience purposes only. I understand no photographs will be taken of my child.
Please tick:
☐ Yes ☐ No
