“...The ISS has definitely helped me a lot financially. I am away from my family and have to support my daily living cost by myself. The fact that there is generous support out there to reach my goals is very heart-warming. I found out about ISS when I was about to apply for ACU. The application process was quite easy. What I like about ACU is the warm and friendly atmosphere around campus, and making new friends along the way. I have learnt you have to work hard and to never give up. I would encourage all students to apply for the ISS. Living in Sydney is one of the best experiences of my life.”
