

Arts Unit Listing 2021

(Information last updated on 26 November 2020)

Students must ensure that they select discipline areas that are approved for their course, as not all disciplines can be taken in every course and some are available only on certain campuses. This information is listed under each discipline, but please consult your course rules or CEG for information on your degree.

- A major is a total of 80 credit points (cp) in prescribed units in one discipline or approved interdisciplinary area, normally including at least 10 cp at introductory level, at least 40cp at 200-level and at least 20cp from 300-level.
- A minor is a total of 40cp from prescribed units in one discipline or approved interdisciplinary area, normally including at least 10cp at introductory level and at least 20cp at advanced level.
- An **elective** is an individual unit undertaken apart than those units required for your selected majors or minors. You should consult your course rules or CEG to see what units are available for your degree.
- A unit identified as a **cross-listed unit** may only be used in one major or minor or as an elective. You may not count the unit in different disciplines. (For example, HUMA250 is listed as a Drama unit or a History unit. You need to determine whether you want it to count as Drama or History as you may not count it as part of two sequences.)

The lists that follow provide information on the units offered on the different campuses (or online) in 2021. There may be other units available in your chosen discipline that do not appear in this list because they are not on offer in 2021. To view the complete structure of your discipline, please refer to the Course Rules sequences for your course or for the Bachelor of Arts.

Students who started their Bachelor of Arts or Bachelor of Creative Arts degrees prior to 2019 will need to include at least two *Program core units* in their course. The Program core units on offer in 2021 are listed at the end of this document.

Students following the accelerated program map for the Bachelor of Arts need to take units in summer and winter terms. While the map places Arts electives in summer and UNCC units and community engagement in winter, students may change the placement of those units taken if they are applying for an overseas winter intensive unit in the year ahead. (Arts units available to all students in summer 2020-2021 are HIST106, POLS105, ENGL234 and HUMA330).

Community engagement units available in 2021 in the Bachelor of Arts, Bachelor of Creative Arts and Bachelor of Arts/Bachelor of Global Studies are listed after the discipline sequence lists.

How to use this document

Use the table of contents to locate your discipline and check which units are on offer in 2021 either on your campus or as national online units. Some areas have specified units that are required for the discipline – these will also be listed with the information on the discipline pages. Check the instructions at the top of each discipline to ensure that you meet any specific requirements for your course. First-year students, in their first semester, should enrol in *100-level* units, that is, those units whose code has a number in the range 100–199.

All students should check that they have the prerequisites for the units they have chosen before enrolling in them. Students who wish to request that the prerequisite requirement for a unit they would like to enrol in be waived may submit the [Prerequisite Waiver Form \(PRQ\)](#) to one of the following email addresses:

QLD: FEA.NSASstudentsQLD@acu.edu.au

NSW/ACT: FEA.NSASstudentsNSW@acu.edu.au

VIC: FEA.NSASstudentsVIC@acu.edu.au

In some cases, the rules for students taking teaching degrees are different to those for students completing the Bachelor of Arts, and these rules are also indicated on the appropriate page.

BUSINESS STUDIES

Important information for all Business Studies students

Business Studies is offered as a major or minor on the Blacktown, Brisbane, Melbourne and Strathfield campuses. Students on the Strathfield or Blacktown campuses may need to go to North Sydney to undertake some subjects. NOTE that the maximum number of first year units you can study in the major or minor is two. The minor requires you to have at least two units at second year level, so you cannot study a mixture of all first-year units. The major requires you to have at least 6 units at advanced level with at least 2 of those at third year level. In order to achieve this, you may need to choose your units from two of the sub-disciplines (Accounting, Marketing, Management or HR Management) so that you will have the prerequisites for third year units. (Consult your course coordinator if you have any concerns.)

Available

- Bachelor of Arts and dual degrees with Arts including Bachelor of Arts/Bachelor of Global Studies, Bachelor of Law/Bachelor of Arts, Bachelor of Psychological Science/Bachelor of Arts (May not be taken in the Bachelor of Arts/Bachelor of Commerce). (major or minor)
- Students studying a secondary teaching degree (major or minor)
- Bachelor of Teaching/Bachelor of Exercise Science (minor in Brisbane only)
- Bachelor of Media Production (minor only)
- Bachelor of Visual Art and Design (minor only)

Changes from 2019

The Business review has meant changes in units, codes and titles. Please use the table below to ensure that you do not study a unit that is equivalent to one that you have undertaken previously.

2018 and prior units	2019 equivalent units
MGMT100 Managing: People, Systems and Culture	BUSN113 Managing people and Organisations
MKTG100 Marketing: Creating and Capturing Customer Value	BUSN112 Managing Markets

- There have been some other title changes where the codes of the units have remained the same. The new names are in the unit listing.

DIGITAL JOURNALISM (NOT AVAILABLE FROM 2019)

In 2019 the Digital Journalism sequences were discontinued and have been replaced with a communications minor. Instead of units with DIGM codes you will now see COMM codes listed. The COMM units below will count in a Digital Journalism minor for students still completing that minor. Students should seek advice from their course coordinator if they started a Digital Journalism major or minor and still need units to complete.

See the unit listings for COMMUNICATION ([link in the footer below](#)) for information on when and where the Communication units are available. If equivalent units are not available on your campus, please see your course coordinator for advice.
