The **Bachelor of Arts/Master of Teaching (Secondary)** requires the successful completion of 360 credit points (240cp for the Bachelor of Arts degree and 120cp from the Master of Teaching). Each unit of study at ACU equates to 10cp. Therefore students in this course will complete 36 units in total.

The discipline knowledge required to teach two secondary curriculum areas are gained through studies in the Bachelor of Arts. Students can choose one of four pathways:

- 2 Arts Majors (leading to 2 teaching areas)
- 1 Arts Major and 2 Arts Minors (leading to either 2 or 3 teaching areas)
- 1 Arts Major, 1 Arts Minor and a Religious Education Minor (leading to 2 teaching areas plus RE as a 3rd)
- 1 Arts Major, 1 Arts Minor and 4 Arts Electives (leading to 2 teaching areas). *Arts elective units can be drawn from the disciplines listed below or from any other Arts Majors and Minors listed in the* ***2027 Arts Unit Listing*** ***(link to be inserted)****.* ***Student choosing this pathway must consult with the Course Coordinator.***

Key information about the availability of Arts Majors and Minors as part of this course is shown in the table below:

ARTS MAJORS AND MINORS

A **major** is a total of 80 credit points (cp) in prescribed units in one discipline or approved interdisciplinary area, normally including at least 10 cp at introductory level, at least 40cp at 200-level and at least 20cp from 300-level.

A **minor** is a total of 40cp from prescribed units in one discipline or approved interdisciplinary area, normally including at least 10cp at introductory level and at least 20cp from 200/300-level.

Note: The National School of Arts also offers some Majors/minors as part of the Bachelor of Arts that either do not articulate to a secondary teaching area at ACU or are excluded from this course. Students undertaking the Bachelor of Arts/Master of Teaching (Secondary) should not choose a major or minor study in any of the following areas:

- Communication
- Creative Writing
- Design & Technology
- Graphic Design
- International Development Studies
- Media
- Philosophy
- Sociology
- Youth Work

Students may choose to study units from these areas as electives if their pathway allows for electives.

CHOOSING THE RIGHT UNITS FOR YOUR COURSE

You must ensure you select units that are approved for your course. You can find this information in the course rules, the course map and additional sources such as Frequently Asked Questions (FAQ) documents in your Course Enrolment Guide (CEG). If you are unsure, please contact your Course Coordinator for advice.

ACCELERATING YOUR DEGREE

You may be allowed to take Core Curriculum and/or elective units in the non-standard terms, such as Summer or Winter, which might help to shorten the duration of your course or spread your study load across the year. Check your course rules and course map for more information. Students enrolled in Arts degrees are permitted to take units in non-standard terms, subject to availability and meeting pre-requisite requirements.

UNIT AVAILABILITY

This list provides information about units that are on offer in 2027. Not all units are offered every year.

PREREQUISITE UNITS

A prerequisite is a unit you must pass before you can enrol in a higher-level unit.
The enrolment system will prevent you from enrolling in units for which you do not have the prerequisite.

CORE CURRICULUM UNITS

The description of the Core Curriculum units and their offerings for each year is available on the website: ACU Core Curriculum.

Students are encouraged to enrol in their preferred ACU Core Curriculum units for both semesters as soon as the 2027 re-enrolment period opens. Enrolling early will help secure your place in your preferred units before they reach capacity.

UNIT DELIVERY MODES

The unit delivery mode describes the way that a unit is taught.

C - On Campus (was attendance)
Most learning activities or classes are delivered at a scheduled time, on campus or approved ACU delivery site, to enable in-person interactions. Activities will appear in a student's timetable.

M - Multi-mode
Learning activities are delivered through a planned mix of online and in-person classes, which may include full-day sessions and/or placements, to enable interaction. Activities that require attendance will appear in a student's timetable.

OU - Online unscheduled
Learning activities are accessible anytime, anywhere. These units are normally delivered fully online and will not appear in a student's timetable.

OS – Online scheduled
All class activities are held online, at scheduled times, and will require some attendance to enable online interaction. Activities will appear in a student's timetable.

ROME UNITS

The following Arts units will count in a Rome semester in the Bachelor of Arts or Bachelor of Global Studies degree (or other degrees with course coordinator permission). Students may apply for the whole semester in Rome or for individual units.

HISTORY

C= On Campus M= Multi-mode OS= National Online Scheduled OU=National Online Unscheduled. Students from any campus may enrol in an OS or OU unit.
INC=Incompatible: You may not study the unit listed if you have already passed the INC unit.

Important information for all students taking History:

HIST106 and HIST308 are core units in this major. HIST106 is core in the first year and HIST308 is a capstone unit in the third year. The major may include units from both Ancient and Modern History.

Important information for students in Victoria and Queensland: As well as the compulsory units listed above, students in Victoria and Queensland can take any combination of History units at the correct level.

Important information for those seeking to be a secondary History teacher in New South Wales:

Students who want to qualify to teach history in NSW need either a major or minor in History as part of their Bachelor of Arts. NESA also requires that you specialise in either Ancient or Modern History – in addition to completing one unit of the other specialty. This makes your course map more complicated than for other subject areas, particularly if you want to qualify to teach both Ancient and Modern History. Please follow the advice below and contact your course coordinator for assistance in mapping your course.

The compulsory unit HIST308 may count toward either Ancient or Modern History.

Ancient History:
If completing a major, the compulsory unit HIST106 meets the one unit of Modern History requirement, so all remaining units (70CP) should be drawn from Ancient History units only. If completing a minor, select one unit of Modern or Medieval History and the remaining units (30CP) from Ancient History.

Modern History:
In a major or a minor, select one unit of Ancient or Medieval History (it's recommended that this is a 100 or 200 level unit). The remaining units in your sequence should all be drawn from Modern History.

Qualifying to Teach both Ancient and Modern History:
In order to teach both histories, you will need to take the 'One Major, One Minor and Electives' course map. You will use your Major and your Electives to complete the required History units. You will also need to complete another subject area (e.g. Geography, English, etc) as a minor. This is a complex course map, so it is recommended that you reach out to your course coordinator early in your degree for assistance in mapping your units.

NB: It is not possible to qualify to teach both Ancient History, Modern History, AND Religious Education in this degree.

For more detailed advice on selecting units for teaching history in NSW, see the 'Guidelines for BA/MTeach Students Studying History in NSW' document in your Course Enrolment Guide or contact your course coordinator.

Important note: The Online Scheduled (OS) version of HIST242 (Modern History) or HIST222 (Ancient History) units follow a standard 12-week semester, with a 3-hour asynchronous online module delivered in Weeks 8–10.

Brisbane, North Sydney and Strathfield students are required to enrol in the OS iteration of HIST242 and HIST222, while Melbourne students are required to enrol in the Multimode iteration.

The placement experience may be direct-service, approved project, or research-based depending on the study period. For direct-service placements – students need to apply through the Community Engaged Learning Team's InPlace portal. There is a choice of options available here. Project and research-based experiences are managed by academic staff and connected to community organisations and needs. If you have a disability or additional needs that need to be considered in the choice of placement experience, please contact the Community Engaged Learning Team or NSAH prior to the start of semester.
