Master of Teaching (Secondary) Electives 2027

The following list of electives provides you with choices and pathways. Prior to enrolling in electives, check the number of electives required for your course completion requirements.

International students must enrol in multi-mode electives unless approved by the Course Advisor.

In addition to this list, students may select additional CPA units to fulfill the electives requirements or select other relevant units of a 500 or 600 level. These options must be approved by your Course Advisor.
