

## Curriculum, Pedagogy and Assessment Units

Graduate teachers must apply for formal registration in the state or territory in which they wish to work. Recognised teaching areas for the purposes of teacher registration may vary from state to state. As such, not all CPA units are available on every campus.

CPA units may be offered in attendance mode, multimode, or fully online. **Students are advised to preference attendance options where they are available**, as this will ensure that their studies will cover the particular curriculum, and pedagogy requirements of the state where they will register as a teacher. *If you cannot find a multimode offering on your local campus, please search for online offerings before contacting your Course Administrator or Course Coordinator.*

**Unit availability and study modes are subject to change in line with minimum enrolment requirements, staffing and resources.** Where offerings are changed, students will be notified in writing through their student email account and alternative arrangements suggested (e.g. where an attendance offering is closed a student may be advised to enrol in the online offering instead).

In some cases, certain CPA units may only be offered every second year.

If you are unsure of which CPA units to enrol in, please contact your Course Coordinator.

Teaching area and corresponding units	Unit codes	Semester	Brisbane (Multimode)	Melbourne (Multimode)	Strathfield (Multimode)
<b>Business Studies</b>					
<b>Students NOT also studying another Humanities are advised to use their Education Elective to complete EDSS234. This is essential in NSW.</b>
