## PLEASE NOTE FOR THE MAPS ABOVE

Students who do not follow the sequence recommended in their Course Map cannot be guaranteed a clash free timetable or completion within the normal course duration period. Any student studying outside the above sequence and students who commenced prior to 2019 should consult with their Course Coordinator prior to enrolling.

## STUDY MODES

All units are delivered in On Campus mode, unless otherwise indicated in the map.

### C - On Campus

Most learning activities or classes are delivered at a scheduled time, on campus, to enable in-person interactions. Activities will appear in a student's timetable.

### M - Multi-mode

Learning activities are delivered through a planned mix of online and in-person classes, which may include full-day sessions and/or placements, to enable interaction. Activities that require attendance will appear in a student's timetable.

### OU - Online unscheduled

Learning activities are accessible anytime, anywhere. These units are normally delivered fully online and will not appear in a student's timetable.

### OS – Online scheduled

All learning activities are held online, at scheduled times, and will require some attendance to enable online interaction. Activities will appear in a student's timetable.

## PREREQUISITES

- Prerequisites ('Pre:') are added in italics.
- Prerequisites are other units that you must have passed *before* enrolling in the unit.
- You will not be able to enrol in a unit in Student Connect if you do not meet the prerequisite requirements. (This will help stop you from enrolling in units incorrectly). You can find out about unit prerequisite requirements in your Course Enrolment Guide.
- Under some circumstances, you might be eligible for a prerequisite waiver.
- You can find out more about prerequisites and how to apply for a waiver on the [Student Portal](#).

## BIOMEDICAL SCIENCE ELECTIVES

See 2024 unit offerings tab.

## PUBLIC HEALTH ELECTIVES

See 2024 unit offerings tab.

For your elective unit, you may select any unit that interests you, at either level 2 or 3, providing you are able to meet any pre-requisite requirements. Possible units that will complement your Public Health studies include: International Development/Global Health, Geography and Sustainability, Nutrition Science, Exercise Science, Sociology, Project Management, Management and Organisational Behaviour, Information/Digital Health, and Business Administration.
