PLEASE NOTE FOR ALL COURSE MAPS:

All units are delivered in **Online** mode, unless otherwise indicated. Pre-requisites are added in italics.

Students who do not follow the sequence recommended in their Course Map cannot be guaranteed a clash free timetable or completion within the normal course duration period. Any student studying outside the above sequence should consult with their Course Coordinator prior to enrolling.

STUDY MODES

Attendance: Unit delivered primarily via face-to-face or video conference attendance, at an ACU campus or another location.

Multi-mode: Unit delivered via a combination of online content and a compulsory attendance component (including examinations, practicums, residentials, etc.)

Online: Unit delivered fully online (including assessments).

PREREQUISITES

Pre-requisites ('Pre:') are added in italics. Pre-requisites are other units that you must have passed *before* enrolling in the unit. From 2021, you will not be able to enrol in a unit in Student Connect if you do not meet the prerequisite requirements. This will help stop you from enrolling in units incorrectly. You can find out about unit prerequisite requirements in your Course Enrolment Guide. Under some circumstances, you might be eligible for a prerequisite waiver. You can find out more about prerequisites and how to apply for a waiver on the [Student Portal](#)

2021 Unit Selection

You must enrol for both semesters, not just Semester 1.

Not only is this a requirement of the Academic Regulations, but ACU also uses enrolment information to understand the demand for each unit and schedule enough spaces. Enrol now for the full year so you don't miss out on the units you want. You can easily change your Semester 2 units later if you change your mind. Remember, Semester 2 tuition fees are not due until August.

Please note that study modes and unit availability are subject to change and not all units are on offer at all times. Master students in the project stream must refer to their course map first, and then check the list below for 2021 elective unit availability prior to enrolling.
