

The 2022 ACU School Leavers Program

The object of the ACU School Leavers Program is to provide leadership formation for Catholic school leavers through an immersion in the Catholic tradition and Western civilisation.

THE PROGRAM:

- focuses on some of the major themes arising from the history of the Church and the development of the West
- uses a range of teaching modes and learning activities
- deepens participants' reflections on their own faith and sharpens their intellectual curiosity about the traditions to which they belong
- becomes a foundation for their own leadership and service after school.

The 2022 program will run from 17 November to 10 December, with two weeks at ACU's Rome Campus and one week in London, at the Langham Court Hotel and the nearby Maria Fidelis Catholic School FCJ. Three modules will be taught, each comprising four lessons, assigned readings and visits to significant sites related to the theme of each teaching session.

The program is directed to students who are committed to their faith and have a record of leadership and service to their school, parish or the wider community. Participants do not need to be strongly academic, but they do need to be willing to read the course materials, engage positively with the discussions and site visits, and be willing to cultivate an interest in the ideas and influences that have helped to shape religion, arts, politics and society in the West.

The program consists of three teaching modules, each comprising four lessons, readings and site visits.
