Online program availability for international students outside Australia – Semester 2, 2021

ACU
AUSTRALIAN CATHOLIC UNIVERSITY

As part of ACU's continued response to the COVID-19 pandemic, international students who are currently outside of Australia may be able to commence their studies on-line and travel to Australia to commence study on campus once current travel restrictions are lifted. This table provides a summary of programs that are available for online commencement for international students outside of Australia in Semester 2, 2021.

Bachelor of Early Childhood Education (Birth to Five Years)	MEL	N/A
Note: Other Education and Arts programs are on a case by case basis.		

IMPORTANT INFORMATION

- There are currently international border measures in place that restrict travel to and from Australia. Students who are offshore may be able to commence their studies online and will need to travel to Australia to continue their studies once international borders open.

- If you are unable to travel to Australia to complete your studies, the University may amend or cancel your enrolment.

- It is recommended that you apply for a student visa prior to the commencement of your studies online so that you can travel to Australia as soon as international borders re-open.

- Further information on international border measures, applying for a student visa and other temporary student visa measures in response to COVID-19 can be found at **homeaffairs.gov.au**

- If you are unsuccessful in obtaining a student visa to enter Australia, you may complete the remainder of your studies for this semester online and ACU will provide a Transcript of Results.

- Online learning may impact study duration and may require a student visa extension.

- Unit availability by online learning may be limited for some programs. It is not possible to undertake practical or laboratory classes from outside of Australia.

Information correct at the time of publishing: 2 June, 2021.
