

Construction of the Saint Teresa of Kolkata Building is currently underway on ACU's Melbourne Campus. See the latest progress on [webcam 1](#) and [webcam 2](#).

Four-week outlook: How you may be affected

Area	Impact	Timing
Main construction site (corner of Victoria Parade and Napier Street)	The southern mega column and truss installation is underway and will continue over the coming weeks. Piling works are also continuing onsite. Please expect intermittent noise during this period.	December to January
MGB - level 2 to 5	There will be restricted access to levels 2 to 5 of the MGB due to construction work. Signage has been installed around the MGB to assist with navigation and to ensure staff and student safety.	December to February
Young Street	There will be vehicle and pedestrian access route changes in Young Street. This includes changes to how you access the ACU carpark. Traffic controllers and signage will be in place to assist with traffic movements. Works notifications will be sent to staff and students via email and will provide further details.	December to February
Mary Glowrey Building (MGB) - ground floor to level 3	There will be minor construction works occurring inside the MGB on the ground floor, level 1, level 2 and level 3. Works notifications will be sent to staff and students via email and will provide further details.	January to February

Upcoming and ongoing activity

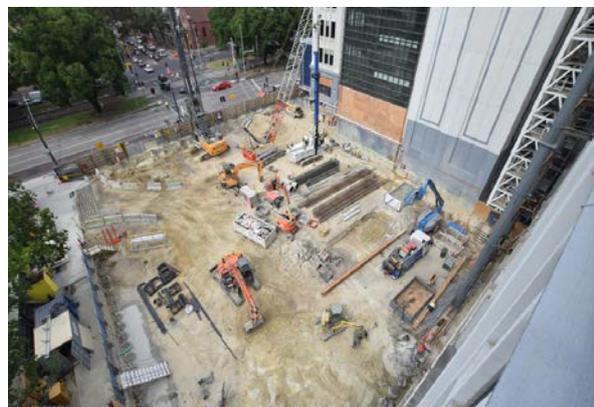

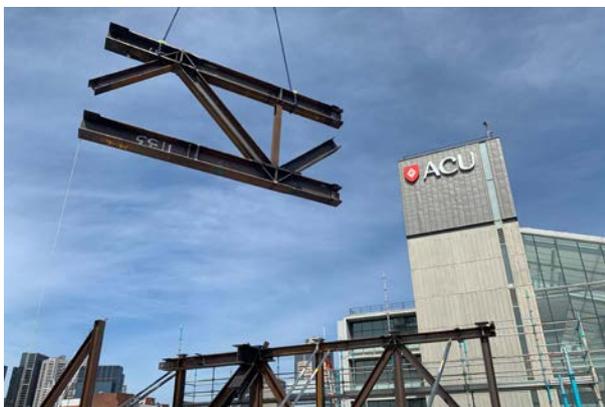

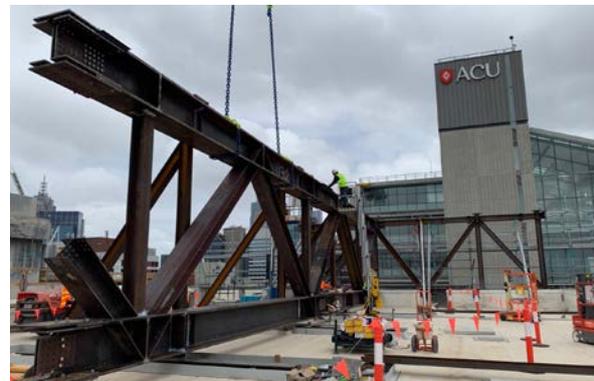

Area	Impact	Timing
Little Victoria Street	Parts of Little Victoria Street will be closed due to construction activities. Pedestrians are likely to hear construction noise and experience changed traffic conditions. Please seek assistance from the traffic controllers if you require assistance navigating the campus.	Ongoing
Main construction site (corner of Victoria Parade and Napier Street)	Bulk excavation is due to commence in January. A new ramp will be constructed within the main construction site to allow for vehicle deliveries and plant movement during the excavation. There will be increased construction vehicle movement around the site. Please follow the instructions of the traffic controllers.	Ongoing
Main construction site (corner of Victoria Parade and Napier Street)	There will be ongoing construction noise. Pedestrians should be aware of increased construction vehicle movement around the construction site. Traffic controllers and signage will be in place to assist with pedestrian and vehicle movements.	Ongoing

Construction update

Recent construction work includes:

- commencement of structural steel truss installation on the MGB roof
- installation of north external emergency scaffold escape stairs
- installation of mega columns
- continuation of piling works in preparation for excavation
- completion of northern mega column piling works
- window protection to the south side of the MGB.

The latest in pictures

Please observe direction and safety signs and follow the instructions of Watpac traffic controllers.
