Why take and ACU Pathway Program?
Our studies show that students who successfully complete ACU’s international pathway programs do as well, or better, in their undergraduate degree, than local students.
This is because our pathway programs help you to understand what is expected of students in an Australian university and help you develop the academic and independent learning skills you will need for successful undergraduate study.

ENGLISH FOR ACADEMIC PURPOSES: DIRECT ENTRY (EAP)
Our EAP Direct Entry course will prepare you for university study at ACU. It provides a direct entry pathway for ACU degree* and diploma programs with English language entry requirements up to, and including IELTS 7.5.
* Not applicable to law courses.

EAP focuses on developing your English language proficiency and approach to academic study in order to help you successfully complete university level courses. At the same time, it allows you to become familiar with campus life and the resources and services available to you. The assessment tasks are similar to those undertaken in university courses at ACU.

What will I gain studying EAP?
Listening and reading comprehension; critical thinking and independent study skills; academic speaking and writing skills, including referencing skills; further knowledge of English grammar and vocabulary.

How will I be assessed?
You will undertake a variety of assessment tasks, including: writing an academic essay with appropriate referencing; leading and participating in a tutorial discussion; giving an oral presentation and taking in-class English proficiency tests.

ACU’s Language Centres are located across three cities. There are various housing options available to suit different lifestyles and budgets. Housing options include:

**ACU STUDENT ACCOMMODATION**

ACU student accommodation is available in Sydney for students who wish to stay for 6 or 12 months. The Miguel Cordero Residence is located in the student hub of Camperdown, which is very close to Sydney’s city centre. It offers an enriching university experience and the chance to make lifelong friendships.

This residence features furnished apartments in a secure building, communal lounges, study spaces and an atrium meeting place, public transport access to North Sydney campus, onsite management team and up to 10GB of free high-speed internet included per month. [www.acu.edu.au/490012](http://www.acu.edu.au/490012)

**RENTAL ACCOMMODATION (SHARED AND PRIVATE)**

**Temporary housing**

You may like to book short-term accommodation for your arrival in Australia, particularly for the first one or two weeks.

This option provides you with housing on arrival and gives you the opportunity to search for permanent accommodation once you have settled in. [www.acu.edu.au/int_accom](http://www.acu.edu.au/int_accom)

**Private/shared housing**

You should budget approximately A$150-$300 per week to rent a property shared with others. Utilities and food are not included in this estimate. Rental prices vary depending on location. You may choose to live in private rental accommodation near your campus or in the city, depending on your budget. We do not recommend securing private or shared housing before arriving in Australia as it is best to view each property in person. [www.acu.edu.au/int_accom](http://www.acu.edu.au/int_accom)

**HOMESTAY**

Homestay accommodation gives you the opportunity to live with a local family while studying in Australia. It is available from a few weeks to many months. By living with an Australian family, you will get a better understanding of Australian life. [www.homestaynetwork.org/acu-students](http://www.homestaynetwork.org/acu-students)
OTHER STUDENT ACCOMMODATION
Specialised student apartment accommodation is available near most ACU campuses. With this kind of accommodation, the fees you pay usually cover utility bills and, in many cases, Wi-Fi access.

All costs are in Australian dollars and can vary greatly depending on location. They are a guide only.

One of the biggest challenges when moving to study in a new country is managing a budget. You can reduce your living costs by:
- sharing accommodation and meals with other students
- avoiding suburbs that are close to the city centre or the beach
- shopping carefully.

Rent is based on sharing a privately rented house. Initial expenses for the first few weeks for temporary accommodation will be higher than those listed in the table, until students find suitable permanent accommodation. www.acu.edu.au/int_living_costs

OVERSEAS STUDENT HEALTH COVER
The Australian government requires all international student visa holders and their dependants to obtain health insurance for the duration of their visas. If you are not a student visa holder, you do not need Overseas Student Health Cover (OSHC).

Please note: OSHC will not cover any pre-existing conditions (i.e. those which existed within 18 months before the student began study). The university's preferred OSHC provider is Allianz Global Assistance: www.oshcallianzassistance.com.au

VISAS
You must have a valid visa to enter and study in Australia. You may use a Visitor’s Visa to undertake up to 12 weeks of study. A Working Holiday Visa or Work and Holiday Visa will allow you to study up to 16 weeks. If you intend to study for a longer period, you will need a student visa. For more information on how to apply and what visa types might be suitable for you, please contact your nearest Consulate, Australian Embassy or High Commission which you can find at www.border.gov.au

EMPLOYMENT
Under Australian immigration regulations, international students with a student visa may work up to 40 hours per fortnight during the term time and full-time during holiday breaks. If you are not a student visa holder you should check the conditions of your visa to see whether you are permitted to work. Visit: www.acu.edu.au/working-in-aus
