Determine Outstanding Prerequisites

Students studying this Diploma as a pathway into a Bachelor of Education degree must complete an 'Enabling Unit' for each outstanding prerequisite. Read the below prerequisites and if you do not meet them, you must study an Enabling Unit in that area to fulfill this requirement.

Other units studied in this Diploma will be creditable towards the Bachelor of Education degree after a successful transfer

English Prerequisites

Required for students in Queensland or Victoria only. Students located in New South Wales or Australian Capital Territory do not have this requirement.

Have you completed a satisfactory level of English Literature Studies (not English Language) for two years as a Senior at Secondary School and/or University entry program?

Study EDLA111 Introductory English to fulfill this prerequisite. This unit is non-creditable.

Mathematics Prerequisites

Required for students in Queensland or Victoria only. Students located in New South Wales or Australian Capital Territory do not have this requirement.

Have you completed a satisfactory level of studies in Mathematics for two years as a Senior at Secondary School and/or University entry program?

Study EDMA111 Introductory Mathematics to fulfill this prerequisite. This unit is non-creditable.

Science Prerequisites

Required for students in Queensland studying programs which include Primary Education only. Examples include:
Bachelor of Education (Primary), Bachelor of Education (Early Childhood and Primary), Bachelor of Education (Primary and Secondary), Bachelor of Education (Primary and Special Education).

Queensland students studying Early Childhood do not have this requirement. Students located in Victoria, New South Wales or Australian Capital Territory also do not have this requirement.

Have you completed a satisfactory level of studies in any Science (Physics, Chemistry, Biology, Geology) for two years as a Senior at Secondary School and/or University entry program?

Study EDST111 Introductory Science to fulfill this prerequisite. This unit is non-creditable.
