

Curriculum, Pedagogy and Assessment Units For students who commenced prior to 2021

Graduate teachers must apply for formal registration in the State or Territory in which they wish to work. Recognised teaching areas for the purposes of teacher registration may vary from State to State. As such, not all CPA units are relevant for every campus.

CPA units may be offered in attendance mode, multimode or fully online. Students (particularly International students) are advised to preference attendance options where they are available.

Unit availability and study modes are subject to change in line with minimum enrolment requirements, staffing and resources. Where offerings are changed, students will be notified in writing through their student email account and alternative arrangements suggested (e.g., where an attendance offering is closed a student may be advised to enrol in the online offering instead).

If you are unsure of which CPA units to enrol in, please contact your Course Coordinator.

Information about unit codes

From 2022, several different sets of unit codes are being used. Students who commenced prior to 2021 will be in the **Bachelor of Teaching** program and should enrol in **two CPA1 units in semester 2** (both coded as EDXX299) and **two CPA2 units in Professional Term 2 (PT2)** coded as EDXX399. Dates for both Semesters, Summer and Winter terms, and all Professional Terms (Study Periods) can be found on the ACU site.

Bachelor of Teaching (Secondary)

(Information last updated on 24 October 2022)

Teaching area and corresponding units	Unit codes	Semester	Brisbane (Multimode)	Melbourne (Multimode)	Strathfield (Multimode)	Fully Online	Teaching placement might reasonably include areas such as
